

New Challenges

Objective Cards for TIPPERARY

Designer: Günter Burkhardt, Editor: Maren Holderbaum

Face new challenges by competing for common objectives!

SETUP

Shuffle the objective cards and place two of them face up near the game board. Return the remaining cards to the game box without looking at them.

COURSE OF PLAY

All base game rules remain unchanged. Players, however, now also need to pay attention to the common objectives.

SCORING

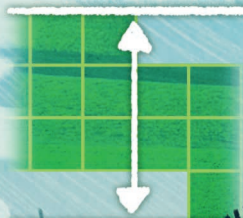

After scoring the 5 base game scoring categories, also score the objectives, one after the other, by ranking the players according to how well they meet the condition. The player on first rank scores 10 additional points; the player on second rank scores 7 additional points; and the player on third rank scores 4 additional points. Players ranked fourth and fifth do not score points for that objective. In a 2-player game, skip the second rank, so players score either 10 or 4 points per objective.

Cut out the instructions and cards following the dotted lines.

From Galway to Waterford

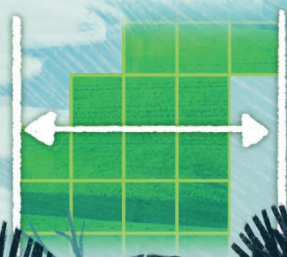

Have the largest north-south extension at game end

- 1. 10
- 2. 7
- 3. 4
